19/96 PUBLIC PARTICIPATION

A member of the public raised several questions concerning lowering the speed limit in the village to 20mph, provision of ANPR on the village approaches as a crime deterrent, Severn Trent Water's maintenance schedules and the continued poor visibility at the crossroads. The Chair advised that all these had been considered by the Council before, and decided not to pursue the 20 mph signs, had dismissed ANPR cameras because of operation and expense although the idea of dummy cameras may be pursued. Further examination of some of the issues may be undertaken especially lowering the signs at the crossroads to make them more evident at driver height. The village drainage system again proved inadequate during the period of heavy rainfall and the Council consider it unfit for purpose with the pumps considered inadequate. S.T.Water plan to upgrade the outfall drains and a scheme has been agreed with the EA., and when finally ready they will be asked to give a presentation in the villager. DCC Flood Risk Team are also putting a meeting together with S T Water, the EA and DCC Highways to try and solve the highway drainage problems.

Unfortunately, the wet conditions have led to the field entrance and parts of the playing field being cut up but part of the proceeds would be invested in new equipment and improved facilities. The PTA would receive £500.00. The date for 2020 was agreed for 7th November.

Cllr Brown had been requested to ask SDDC to address some of the street cleaning arising from the flooding and the Parish's contractor had been asked to treat the weeds in Duck Street once the flood waters had subsided. Egginton Road was to be closed for a couple of weeks to allow works and the installation of traffic lights at the railway crossing whilst work was continuing on the removal of the Dovecliffe Weir which should be completed in January/February 2020. Schemes arising out of the village appraisal were going ahead with the Community Coffee mornings continuing although the Speedwatch project appears to have stalled. The Chair advised that land had been for sale on Watery Lane and an interested party wanted it to store gas cylinders but the applicant pulled out when it was flooded by the recent rains.
